This conference will teach the principles of Mind Renewing Healing Prayer as the foundational core principles of healing the brokenhearted. Join us to invoke the Presence of God through praise and worship, teaching, and experiential and group exercises to facilitate healing in your life.

We will focus on the key aspects of healing such as:

- Identify areas of past unresolved wounds, abuse, addiction and mental disorder.
- Learn how core foundational lies, interpreted from wounds in our childhood, develop into mental strongholds.
- Explore how unresolved grief is at the core of many problems and learn to grieve effectively.
- Deal effectively with buried anger, resentments and unforgiveness to enhance your walk with God and move towards wholeness.
