This conference will teach the principles of Mind Renewing Healing Prayer as the foundational core principles of healing the brokenhearted. Join us as we invoke the Presence of God through praise and worship led by the Big House Church Worship Team. There will be teaching, experiential and group exercises and a workbook to facilitate your healing journey.

We will focus on the key aspects of healing such as:

- Identify areas of past unresolved wounds, abuse, addiction and mental disorders.
- Learn how core foundational lies, interpreted from wounds in our childhood develop into mental strongholds which need to be identified and renewed through a Holy Spirit led truth encounter.
- Explore how unresolved grief is at the core of many problems and learn to grieve effectively.
- Deal effectively with buried anger, resentment and unforgiveness.
